

Community Leadership Program

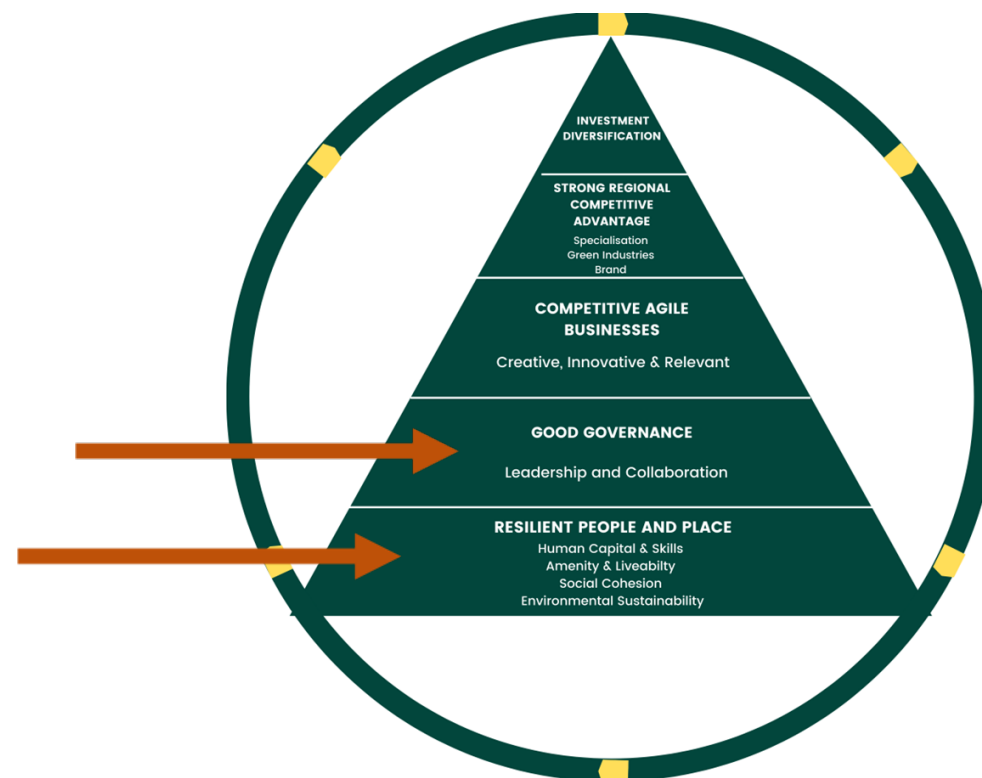

2022-2023

Government of South Australia
Primary Industries and Resources SA

We acknowledge that we meet on Ngarrindjeri traditional lands

Improving leadership at a grass roots level will support and leverage workforce capacity with positive flow-on effect to society, economy and environment.

Leadership & Workforce

Vibrant towns and communities – attract talent

Participation is inclusive

Workforce capabilities developed through community leadership

“They” are “we” when it comes to action in our local community

Economic growth is driven and supported by brand and identity

Strong sense of identity within our towns drive stronger brand awareness and connection

People are where it is at – Society and economy, community and workforce: all about people

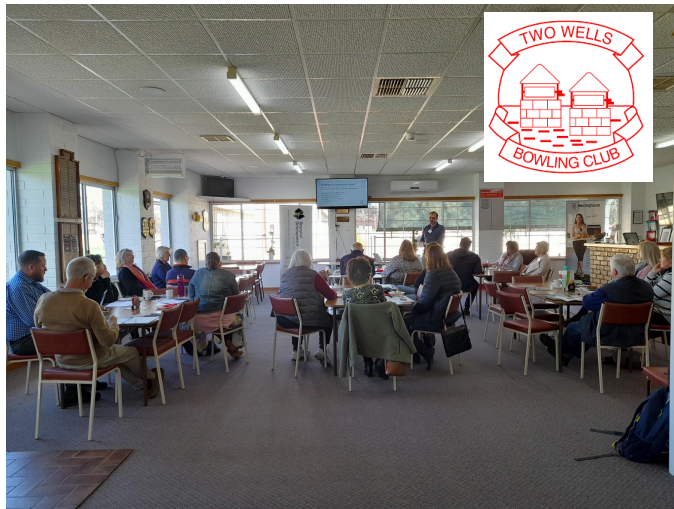

Whether through unprecedented growth in housing developments in inner regions or FIFO workers in outer regions, the danger of communities becoming ‘commuter’ towns can be addressed through community leadership for a different future.

Steering Committee Consultation

- Broad cross-section of the community (demographic, geography, experience).
- First-hand experience.
- Shared ownership.

‘Starting with the “why” and the “how”

BAROSSA FUTURE LEADERS WITH JANE FERRARI

Now that you have enrolled in the core leadership training, it is time to find out how you can leverage the course and your career with a deeper knowledge of the Barossa Valley region and some bonus skills.

Join Jane Ferrari and a range of local legends on a journey through the important skills that we, as future leaders can use to preserve and enhance our region.

Jane Ferrari is an Australian National Treasure and one of the best wine storytellers around. A winemaking graduate from Roseworthy College in Adelaide, Australia, Jane worked as brand ambassador for Yalumba Winery in the Barossa Valley for 15 years, and currently runs Jane Ferrari Consulting.
