

STUDYADELAIDE

Collaboration + Connection

Dealing with Decline

- Population stagnation
- Increased aging population
- Hollowing out of the working age population

Skilled Migration

- Essential to fill workforce gaps
- Welcome to SA sessions
- Too little, too late

StudyAdelaide

- Connecting students to real opportunities
- Immersion over information
- Experience over explanation

“I expect (sic) to be more desolate but instead it was bustling with people and community.”

Future Health Care Workers

- 45 health care students and 1 food technologist
- 3 days
- Over 20 businesses

Future Health Care Workers

- 2 employment outcomes
- 1 confidence boosting experience
- 46 invaluable connections

Video of Dan

More of a Good Thing!

- 26 engineering and food tech students visited in June 2022 - with a successful outcome!
- Further health care tour scheduled for November 2022
- Resource intensive

A photograph of a community event. In the foreground, a man in a dark blue shirt is seen from the back, looking at a poster. To his right, a woman with dark hair tied back and wearing a blue surgical mask is also looking at a poster. The background is filled with other people and various informational posters. One poster on the left is titled 'Living the South East Seasons'. Another poster in the center has a large white 'Z' logo and the text 'Health Limestone Coast Local Health Network'. A poster in the foreground has the word 'Interested?' and a QR code. The overall atmosphere is one of a public consultation or information session.

Thank you
